PLANNING COMMISSION MEETING PROCEDURES

Planning Commission meetings are conducted under the authority of the Chair who may modify the procedures outlined below. The chair will announce each item. Thereafter, the hearing will be conducted as follows:

1. The Planning Department staff will present the staff report and recommendation on the proposal being heard and respond to questions from commissioners.
2. The Chair will open the public hearing by first asking the project applicant/agent to present any points necessary for the commission, as well as the public, to fully understand the proposal.
3. The Chair will then ask other interested persons to come to the podium to present testimony either in support of or in opposition to the proposal.
4. Finally, the Chair may invite the applicant/agent back to the podium to respond to the public testimony. Thereafter, the Chair will close the public testimony portion of the hearing and limit further discussion to the commission and staff prior to the commission taking action on a decision.

RULES FOR PRESENTING TESTIMONY

Planning Commission hearings often involve highly emotional issues. It is important that all participants conduct themselves with courtesy, dignity and respect. All persons who wish to present testimony must observe the following rules:

1. When you come to the podium, first identify yourself and give your place or residence both orally and on the sign in sheet at the podium. Commission meetings are audio and video tape-recorded and this information is required for the record.
2. Address your testimony to the Chair. Conversation or debate between a speaker at the podium and a member of the audience is not permitted.
3. Keep your testimony brief and to the point. Speak about the proposal and not about individuals. On occasion, the Chair may place time limits on testimony: Focus testimony on the important parts of the proposal: do not repeat points made by others. Please, no applauding or making comments from the audience during the testimony of others.
4. Written testimony is encouraged so they can be distributed in the packets to the Planning Commission. However, letters are most effective when presented at least a week in advance of the hearing. Written testimony provided after the staff reports are distributed and up to the meeting will also be distributed to the Planning Commission but there may not be enough time to fully consider the information. Mail should be directed to the Public Services Department, attention: Planning Commission Secretary.

APPEALS

If you are dissatisfied with any aspect of an approval or denial of a project, you have the right to appeal this decision to the City Council up to 10 calendar days after the date of action. The appeal form is available at the Public Services Department and on the City's web site. If legitimate coastal resource issues related to our Local Coastal Program are raised in the appeal, there is no fee if the subject property is located with the Coastal Appeal Area. If the property is located outside the Coastal Appeal Area, the fee is twenty percent of the base fee of the permit application. If a fee is required, the appeal will not be considered complete if the fee is not paid.

City Council decisions may also be appealed to the California Coastal Commission pursuant to the Coastal Act Section 30603 and the City Zoning Ordinance. Exhaustion of appeals at the City is required prior to appealing the matter to the California Coastal Commission. The appeal to the City Council must be made to the City and the appeal to the California Coastal Commission must be made directly to the California Coastal Commission Office. These regulations provide the California Coastal Commission 10 working days following the expiration of the City appeal period to appeal the decision. This means that no construction permit shall be issued until both the City and Coastal Commission appeal period have expired without an appeal being filed.

The Coastal Commission's Santa Cruz Office at (831) 427-4863 may be contacted for further information on appeal procedures.

HEARING IMPAIRED: There are devices for the hearing impaired available upon request at the staff's table.
