**TO:** Contractors & Owners

**SUBJECT: NEW AUTOMATED INSPECTION REQUEST LINE**

Effective immediately, the City has implemented a new inspection line system that will allow callers to schedule multiple department/division inspections with one convenient phone number.

For those customers that frequently call the inspection line for building inspections, nothing has changed. There will be additional prompts to schedule the following inspections:

- 1.) Fire Department permit inspections.
- 2.) Planning Division inspections.
- 3.) In-Street sewer connection inspections.
- 4.) In-Street water connection inspections.
- 5.) Erosion control, grading, drainage, and right-of-way inspections.

The number for this service is 805-772-6204.

Should you have any questions, concerns, or technical difficulties, please contact Chad Ouimet at 805-772-6214 or reach out with an email at [couimet@morrobayca.gov](mailto:couimet@morrobayca.gov)
